Dear Participant:

Thank you for participating in the National Tax Association's 110th Annual Conference on Taxation. We are writing today about the Proceedings of the conference.

The NTA no longer publishes a type-set, edited version of the Proceedings of the conference. Instead, the Proceedings exist in electronic form on the NTA's website. Previous electronic Proceedings can be found here: <https://www.ntanet.org/publications/proceedings/>

You are invited to include your paper, slides, and/or discussant comments in the Proceedings. Please note that the NTA does not hold the copyright permissions for any of the material posted in the Proceedings electronic archive. Authors who have chosen to include their working papers in the Proceedings are free to publish the same paper in other working paper series and to submit their working paper to an academic journal (or other outlet) as an unpublished manuscript.

If you do NOT wish to have your paper and/or slides included in the Proceedings, please log in to Conference Maker by February 1, 2018, and change the Privacy Setting for your paper or slides to Private. (See specific instructions below.)

If you wish to have your paper or slides included in the Proceedings, please log in to Conference Maker by February 1, 2018, change the Privacy Setting for your paper to Public and load an updated version of your paper/slides, if applicable. (See specific instructions below.)

Please note that if your original submission was Public and you take no action, by default your paper will be included in the Proceedings.

If you wish to have your discussant comments/slides in the Proceedings, please e-mail a pdf of your comments and/or slides to conference@ntanet.org before February 1, 2018. Please put "Discussant Comments - 2017 Annual Conference" in the subject line, and include the title, date, and time of the relevant session and the title(s) of the paper you discussed. See the link below for a detailed program.
