Center for Management Development.

Please check the accommodations you desire:

- () Double occupancy room with meals @ \$45
() Single occupancy room with meals @ \$57
() My spouse will be accompanying me.
(total cost, with meals for 2, \$90)

THE UNIT VALUATION OF PUBLIC UTILITIES FOR AD VALOREM TAX PURPOSES

The Department of Economics of Wichita State University will conduct a five-day program on "The Unit Valuation of Public Utilities For Ad Valorem Tax Purposes" from August 15 to August 19, 1971, at Clinton Hall, Wichita State University. The conference will be directed by Dr. Francis O. Woodard, Chairman, Department of Economics, Wichita State University.

Purpose

The program is designed to study in detail the unit valuation of public utilities for ad valorem tax purposes. The various indices of value and the application of the indices will be considered.

Financial Arrangements and Accommodations

Students and faculty will be housed in Fairmount Towers on the Wichita State campus. The cost per student for double room occupancy including three meals and the Sunday night reception is \$45 for the entire course. (Single room occupancy is available at an additional cost of \$12.) The registration fee is \$15 for State Tax Administrators and Academicians, and \$50 for industry people. This makes a total cost of \$60 and \$95 excluding personal items and transportation. We feel this is a very reasonable price for an attractive program.
